

Huy Quang Pham

FRONT-END DEVELOPER

I'm **Web Designer** & **Developer**. I develop web-apps on my freetime.

I have a **\$passion** for “**information technology**”.

And a **\$workGuidingPrinciple** of “**hard-earned**”.

The **\$mottos**: [“**work hard**”, “**adherence persistence**”,
\$attachment ? “**strong attachment to**” : **null**, “**together we rise**”].

Personal

“I love my love and information technology. I have qualities of curiosity, self-study capability, and don't want to work a work without enthusiasm or determination. I wish I can learn more and more, contribute to society more and more by my specialization.”
